

## Bowbrook Allotment Community

### Grasses

We are nearing the season for giving the long grass areas their major cut of the year. Before doing this we decided it would be interesting to try to identify the species present.

**Yorkshire Fog**

**Perennial Ryegrass**

**Meadow Foxtail**

**Annual Meadow-grass**

**Wall Barley**

**Cocksfoot**

**Whorl Grass**

**Black Grass**

**Crested Hair-grass**

**(The area with most species was the area around the oak and sycamore trees.)**
